

CASP Today

School psychologists strive to improve the educational experience for all children. They are the school-based experts on many issues, including school violence, special education, learning disabilities, and school and community-linked children’s health services.

CASPTODAY, the quarterly newsletter of the California Association of School Psychologists, reaches over 1,800 school psychologists. It is filled with informative articles and important information for the school psychologist.

CASPTODAY offers the best opportunity to reach school psychologists in California to advertise your products and services. Place your ad in the next issue!

For advertising discounts, ask about our Corporate Membership.
